Overview of Consumer Rights

Informing Consumers of Rights

NC law states, "It is the policy of the State to assure basic human rights to each client of a facility. These rights include the right to dignity, privacy, humane care and freedom from mental and physical abuse, neglect and exploitation." It is the policy of C3 to inform consumers/legal guardians of their rights and other information identified in ASPM 95-2. A written summary of consumer rights as specified in G.S. 122C Article 3 shall be made available to each consumer and legally responsible person. Consumer and/or Guardian must sign a statement of acknowledgement upon receipt of the information that is then placed in the consumer's record.

What is the 1915 (b)(c) Waiver?

The term, 1915 (b)(c) Medicaid Waiver, refers to two sections of the Social Security Act that allow states to apply for waivers from federal Medicaid policy. The (b) Waiver allows Medicaid beneficiaries to enroll in managed care plans and allows Medicaid to limit the provider network based upon needs of recipients. The (c) Waiver provides home and community-based care to Medicaid beneficiaries who would otherwise be institutionalized.

Legislation passed in 2011 requires the N. C. Department of Health and Human Services (DHHS) to restructure the management responsibilities for the delivery of services to individuals with mental illness, intellectual and other developmental disabilities, and substance abuse disorders through the 1915 (b)(c) Medicaid Waiver.

What is MeckLINK Behavioral Healthcare?

Effective July 1, 2012, Mecklenburg County Local Management Entity (LME) has become MeckLINK Behavioral Healthcare (MeckLINK).

LME is the acronym for Local Management Entity. A LME is a private agency with state authority to oversee the mental health agencies within a certain geographical area.

The change signals a planned transition from oversight of state and County-funded services to also managing a new Medicaid waiver function beginning January 1, 2013.
